

UNDERGROUND COAL MINING

Capability statement

Experienced people. Practical support.
Across the equipment lifecycle.

ENGINEERING / PROJECTS / SITE SUPPORT

sseeers@adsmining.net

OUR BUSINESS

Quality service. Backed by quality people.

Established in 2021, ADS Mining Services is a family-owned and operated business specialising in underground coal mining operations.

**EXPERIENCE THAT SUPPORTS
YOUR OPERATION**

Our experienced electrical and mechanical personnel support customers from concept and design through to procurement, commissioning and maintenance.

We apply proven methods to help improve equipment safety and reliability, with practical support tailored to each operation.
